Toys club

As part of this projekt, we are esablyng a toys club. Goal for this club is achivement of common ideas, based on common interest of children: Development of tolerance and togetherness, development of new knowledges and experiences and also development of social responsibility.

- We agreed on: - all partner countries agreed with suggestions and ideas that the Croatian partners presented
- O children bring their own toys and share these with the other children
 - O children make toys for the purpose of broading childrens experience of the process of formation of toy, which is a common interest of the children.
 - O the activities of Toys Club will be shown on TwinSpace, every Two months by other parner country (the order will follow the order of meetings in partner countries; Turkey, Croatia, Bulgaria, Norway, Latvia and Slovenia.

Social responsibility topic

As another part of the project, we were to find a social component in making of toys, in way of making them and donating them.

Conclusions: - after presentation, every partner country presented their ideas for donating toys

Slovenia – Caritas, Red Cross

Turkey – pediatric department in hospitals (mostly for children with leukemia), also families of low socioeconomic status

Bulgaria – Red Cross, organizations which work with families of low socioeconomic status

Norway – they think there are already many organizations which work with needy families so they would like to donate directly to individuals

Latvia – they already have organizations which they will contact for donating

Croatia – will donate to foster families, by personal contact achieved through concrete organizations

This will be our logo for Common Language of Toys (CLOT)

Booklet

Presentation was held on second working day by Zrinka Duić. We agreed to write booklet that will at the end of the project sum up all of our activities which is very important for dissemination of our project. For that we will print 2 copies (one for our national agencies, one for us), the rest will be shared in digital form. Because of the wider possibilities of dissemination, the booklet will be in English, but each partner will translate it in their language. Croatia will gather all of the information, but each partner will write their own part.

Other activities:

- at the request of the Bulgarian partners, during meeting in Varaždin all partners exchanged traditional folk costumes. Bulgarian partners needed them for programme which they will prepare on meeting in Bulgaria
- also, at the request of the Bulgarian partners, all partners exchanged flags of partner countries
- at the request of Latvian partners we exchanged postcards of partners hometowns
